

Małgorzata *Staszewska*

DESIGNER & FRONT-END DEVELOPER

Creative and detail-oriented Front-End Developer and UI/UX Designer with 6+ years of experience in software development and 6+ years in digital design. Proven ability to deliver high-quality, scalable web applications in industries including entertainment, automotive, and finance. Adept in React, TypeScript, and design tools like Figma and Photoshop. Passionate about building intuitive interfaces, collaborating with cross-functional teams, and continuously evolving technical and creative skills.

FRONTEND DEVELOPER

Alubrados Varios S. A. | 04 - 12.2024

React / Typescript / Tailwind Css / Prime React / Redux / Next.js

Application for Managing Poland's Road and Bridge Infrastructure / 8 months

- Developed and maintained a responsive web app for managing Poland's national road and bridge infrastructure.
- Implemented interactive maps and data visualizations using OpenLayers.
- Ensured seamless frontend-backend integration in collaboration with backend and GIS teams.
- Leveraged Next.js for SSR and optimized performance across devices.

FULLSTACK DEVELOPER

Onwelo S.A. 2019 - 2024

React / Typescript / Tailwind Css / Prime React / Redux / .Net / Node.js / Mobx / Zustand / Angular / GraphQL / Apollo / Jest

- Designed and developed a cloud-based application integrated with the Polish e-Invoice System (KSeF).
- Migrated state management from Context API to MobX and Zustand for improved performance.
- Created frontend and backend logic for invoice handling and financial data processing.
- Developed UI/UX solutions for apps in the retail and automotive sectors.
- Built scalable frontend for large datasets and collaborated with backend teams to optimize API structures.
